Dedication

IN token of our sincere respect and admiration, we, the class of 1927, dedicate This Volume to

John D. Plant

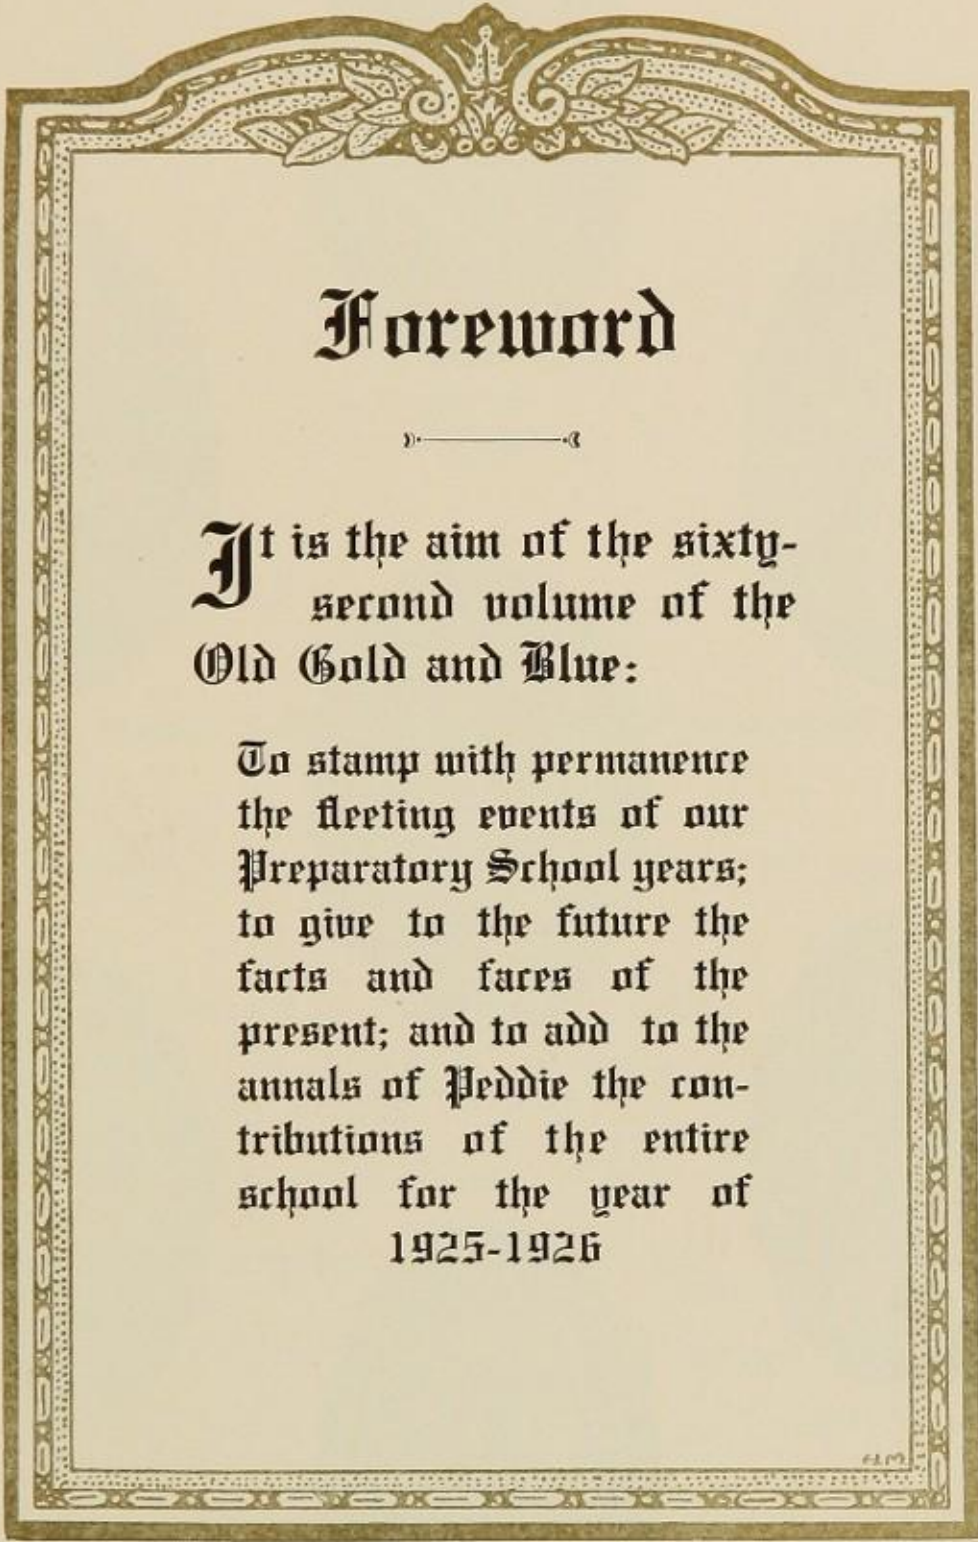

Peddle '06

Loyal son of Peddie, who has fought for her name on the athletic field, upheld it in manifold walks of alumni life, and as Head of the Department of Physical Education since 1906, given whole-hearted service to the success of Peddie athletics and christian manhood.

Foreword

It is the aim of the sixty-second volume of the Old Gold and Blue:

To stamp with permanence the fleeting events of our Preparatory School years; to give to the future the facts and faces of the present; and to add to the annals of Peddie the contributions of the entire school for the year of 1925-1926

The Board of Editors wish to express their appreciation for the favors rendered by Mr. P. H. Hertzog of the Peddie Faculty, Mr. Orren Jack Turner of Princeton, John Laube '28, John H. Hammett '28 and William A. Schumacher '28.

The Campus

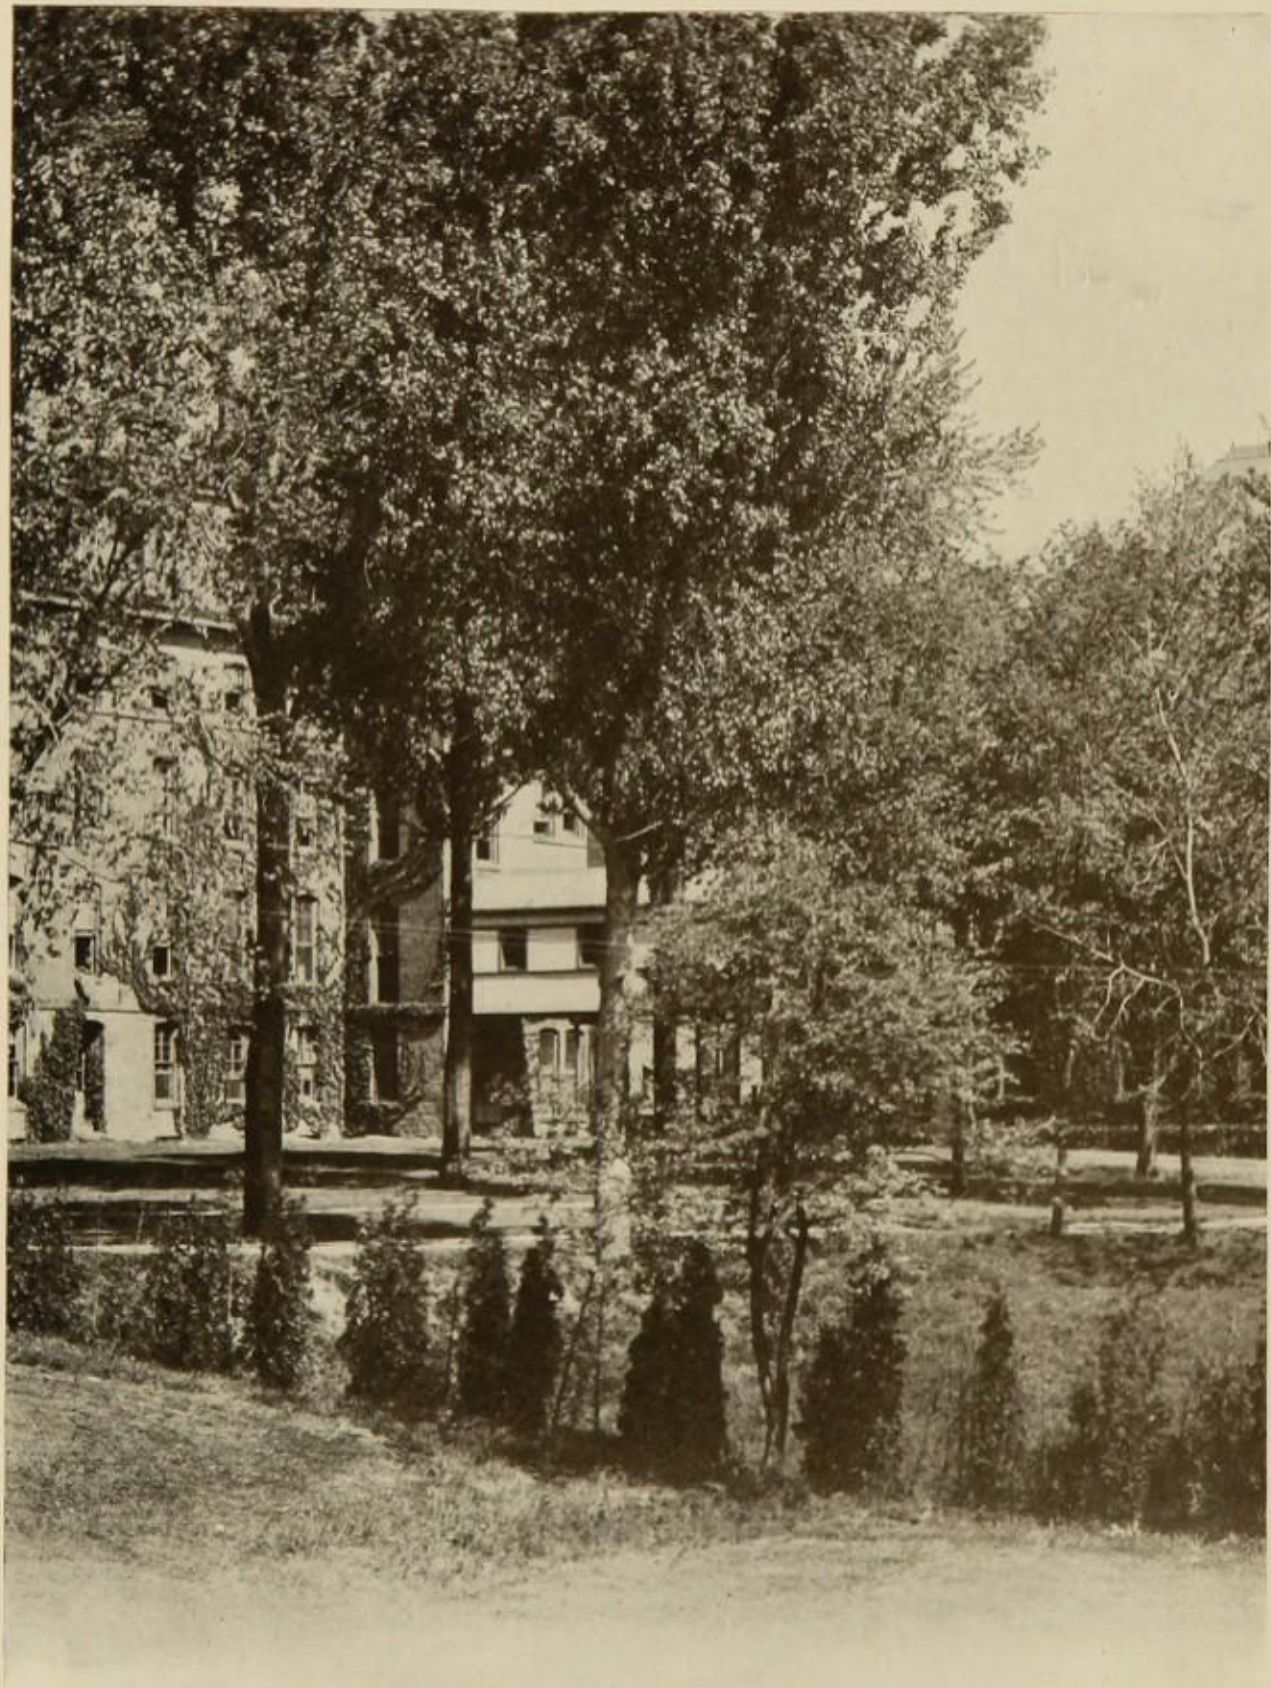

FTIMES to every Peddie graduate comes the desire to gaze once more upon the buildings, nooks and spacious drives of Old Peddie. During his busy and active life at school he fails to appreciate the beauty of the very walls that surround him, and only after graduation does he realize the ancient traditions that surround Old Wilson Hall. Too little does he realize how he will miss his old environment and cherish fond memories of the spots trodden daily by his hurried feet. All hail, then, to the Peddie Campus; may it grow more dear to the heart of every loyal alumnus.

Instructor in French

LESLIE STARR HYATT, C.E. (*Penna. Military*)
Instructor in Mathematics
In Charge of Summer Athletics

FREDERICK LUM FERRIS, A.M. (*Brown*)
Instructor in History

WILLIAM PATZ, A.B. (*Rutgers*)
Instructor in German and French

The work of the school is adapted to the needs of the following classes of students:

Those who are planning to take college entrance examinations in September. Those who desire to do intensive study in new subjects or in higher branches of subjects which they have heretofore pursued, in order that they may attain regular standing in the next higher Form. Those students who, because of unavoidable interruption in their work, will not be able to resume with their regular classes in September, unless they make up deficiencies during the summer. Those who have not done satisfactory work during the academic year and desire to make up their deficiencies before entering upon the work of a new term. New students who may wish to review work done elsewhere in order to acclimate themselves more readily to the Peddie scholastic atmosphere.

Standing Committees of the Faculty

(The Headmaster is an ex-officio member of all committees)

Color Song

(NELSON L. GREENE)

Steady, Old Peddie is marching along,
Her sons are loyal ever;
Bearing her colors with shouting and song,
The Gold and Blue forever, forever.

CHORUS:

Come join the chorus ye faithful and true,
Peddie our hearts shall rule!
Old Gold and Blue, we're singing to you,
Waving o'er Peddie, our dear old school.

Many the sons who have left her old halls,
But there is naught can sever,
Memories clustered 'round old Peddie's walls
The Gold and Blue forever, forever.

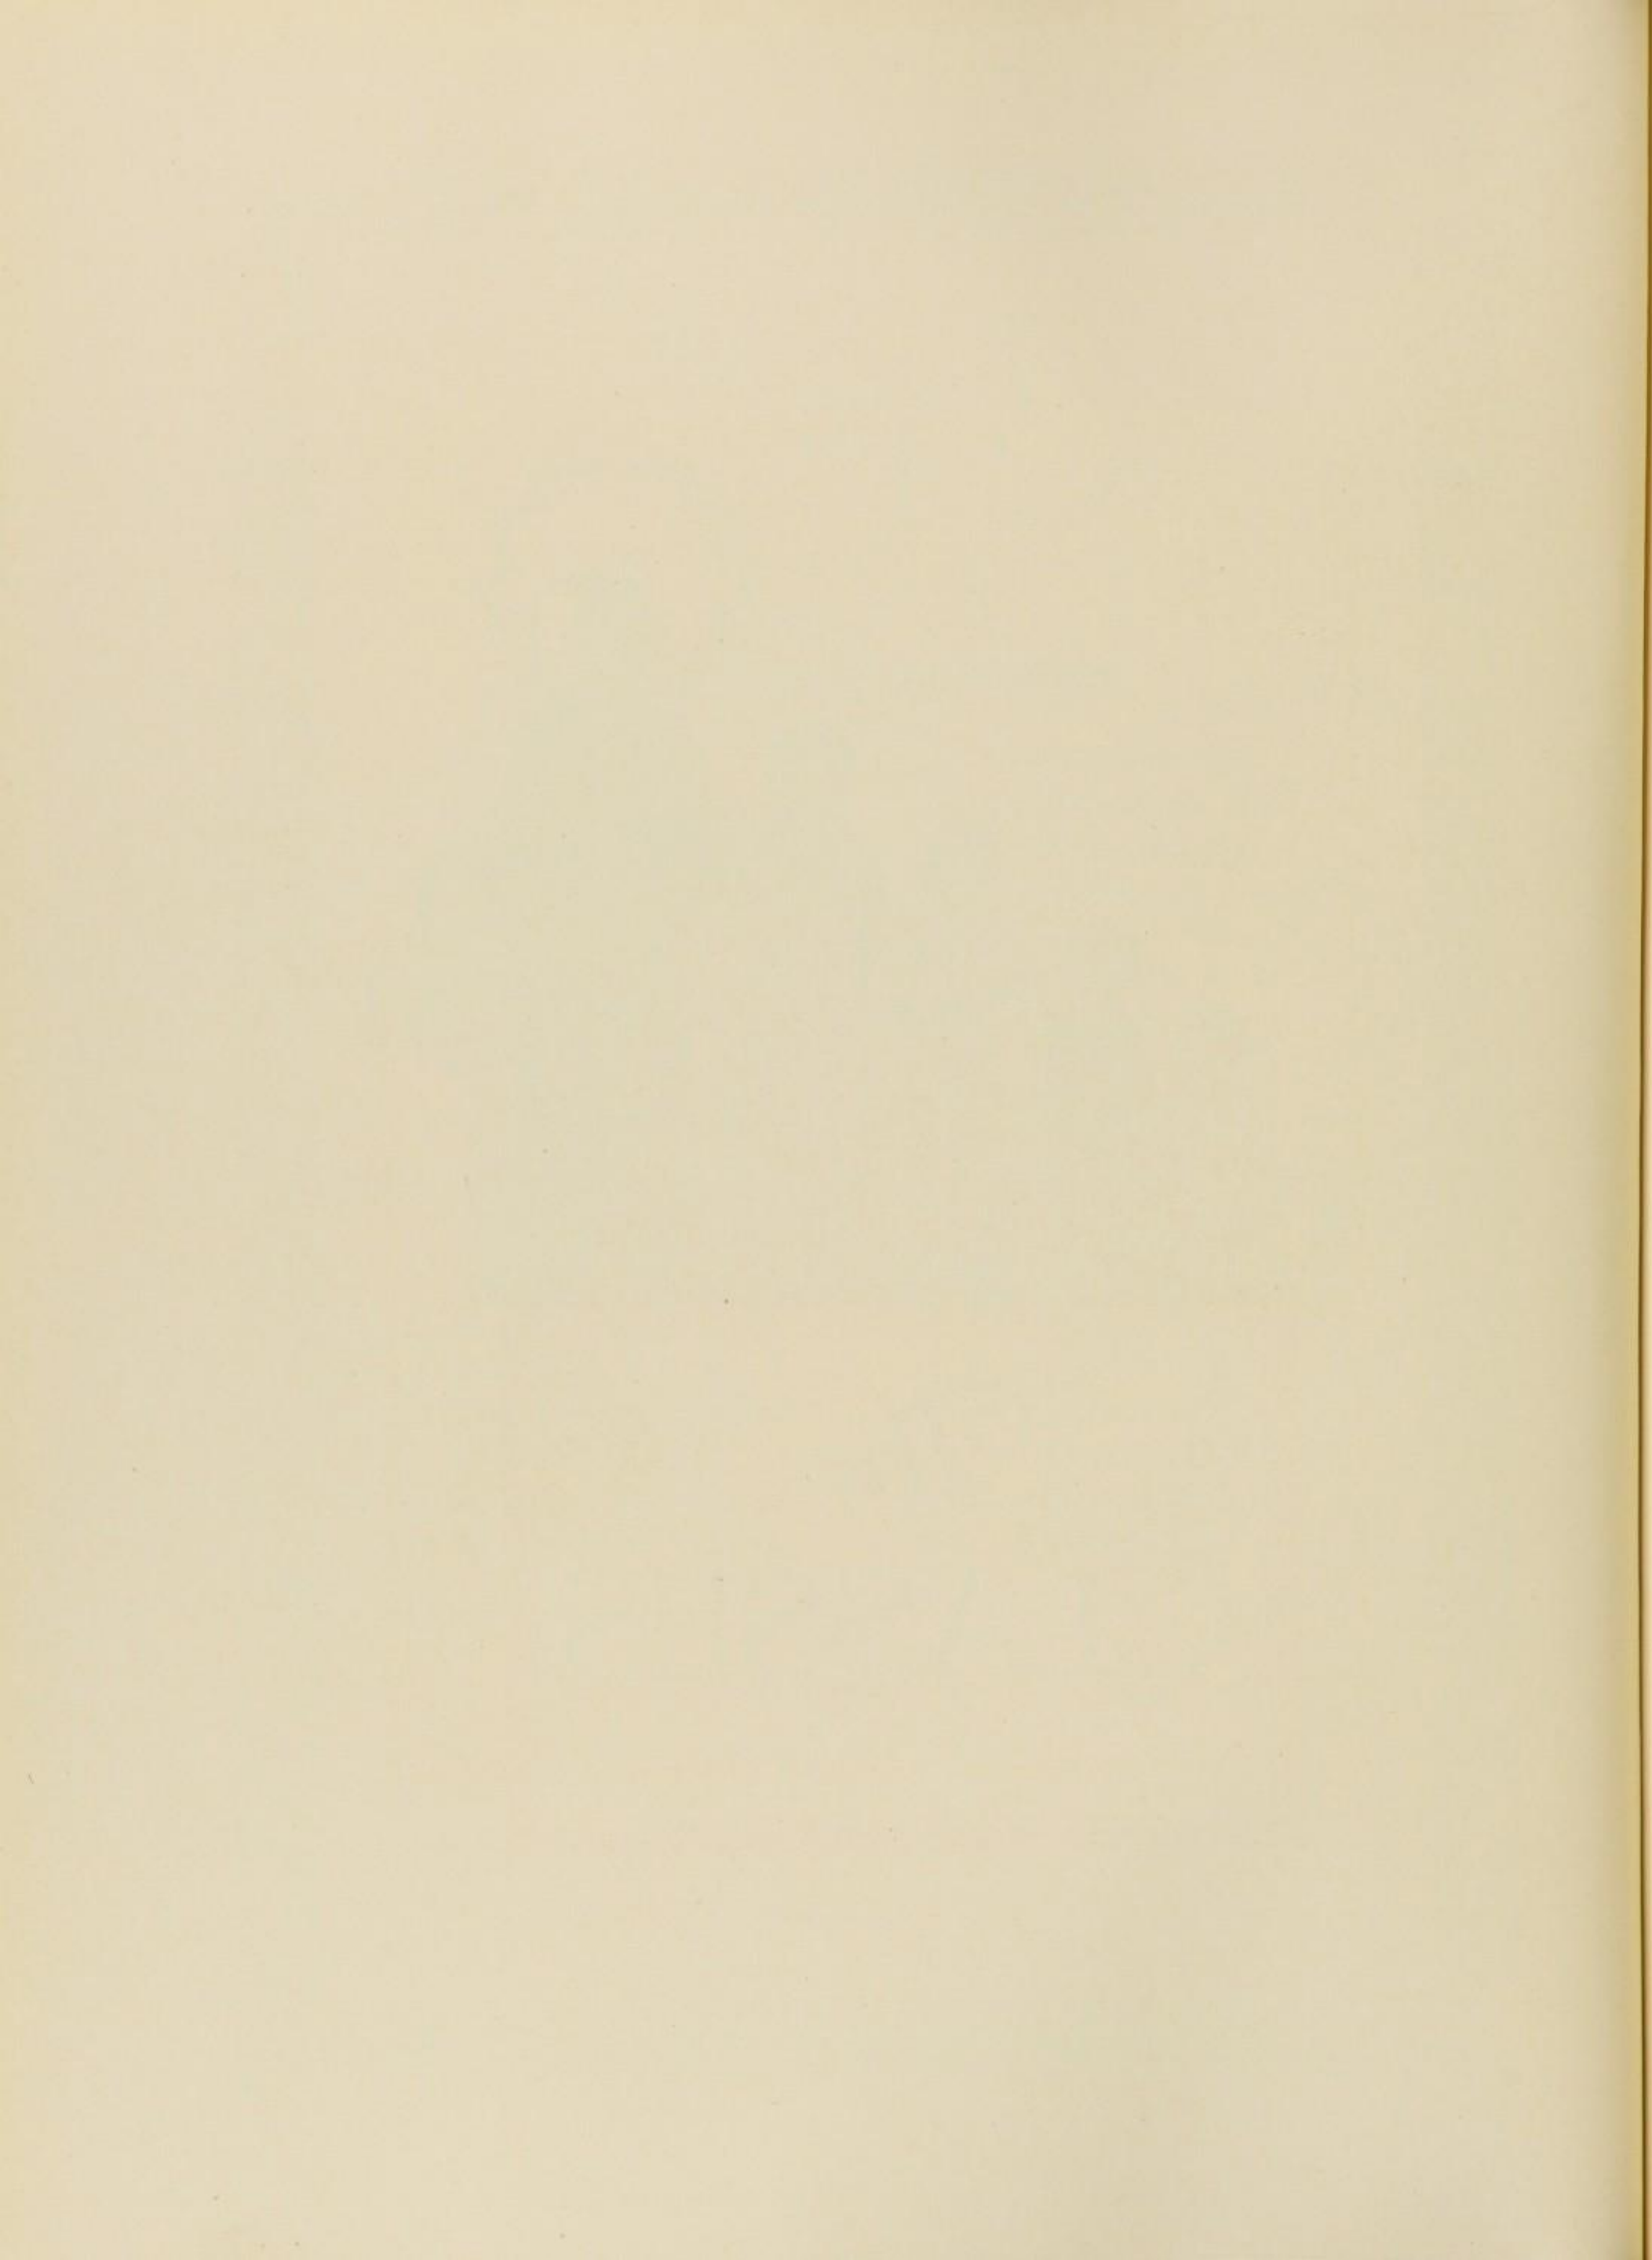

Sad be the day when we sing our last song,
Under her walls together,
Our hearts shall cherish her memory long,
The Gold and Blue forever, forever.

"Ease"

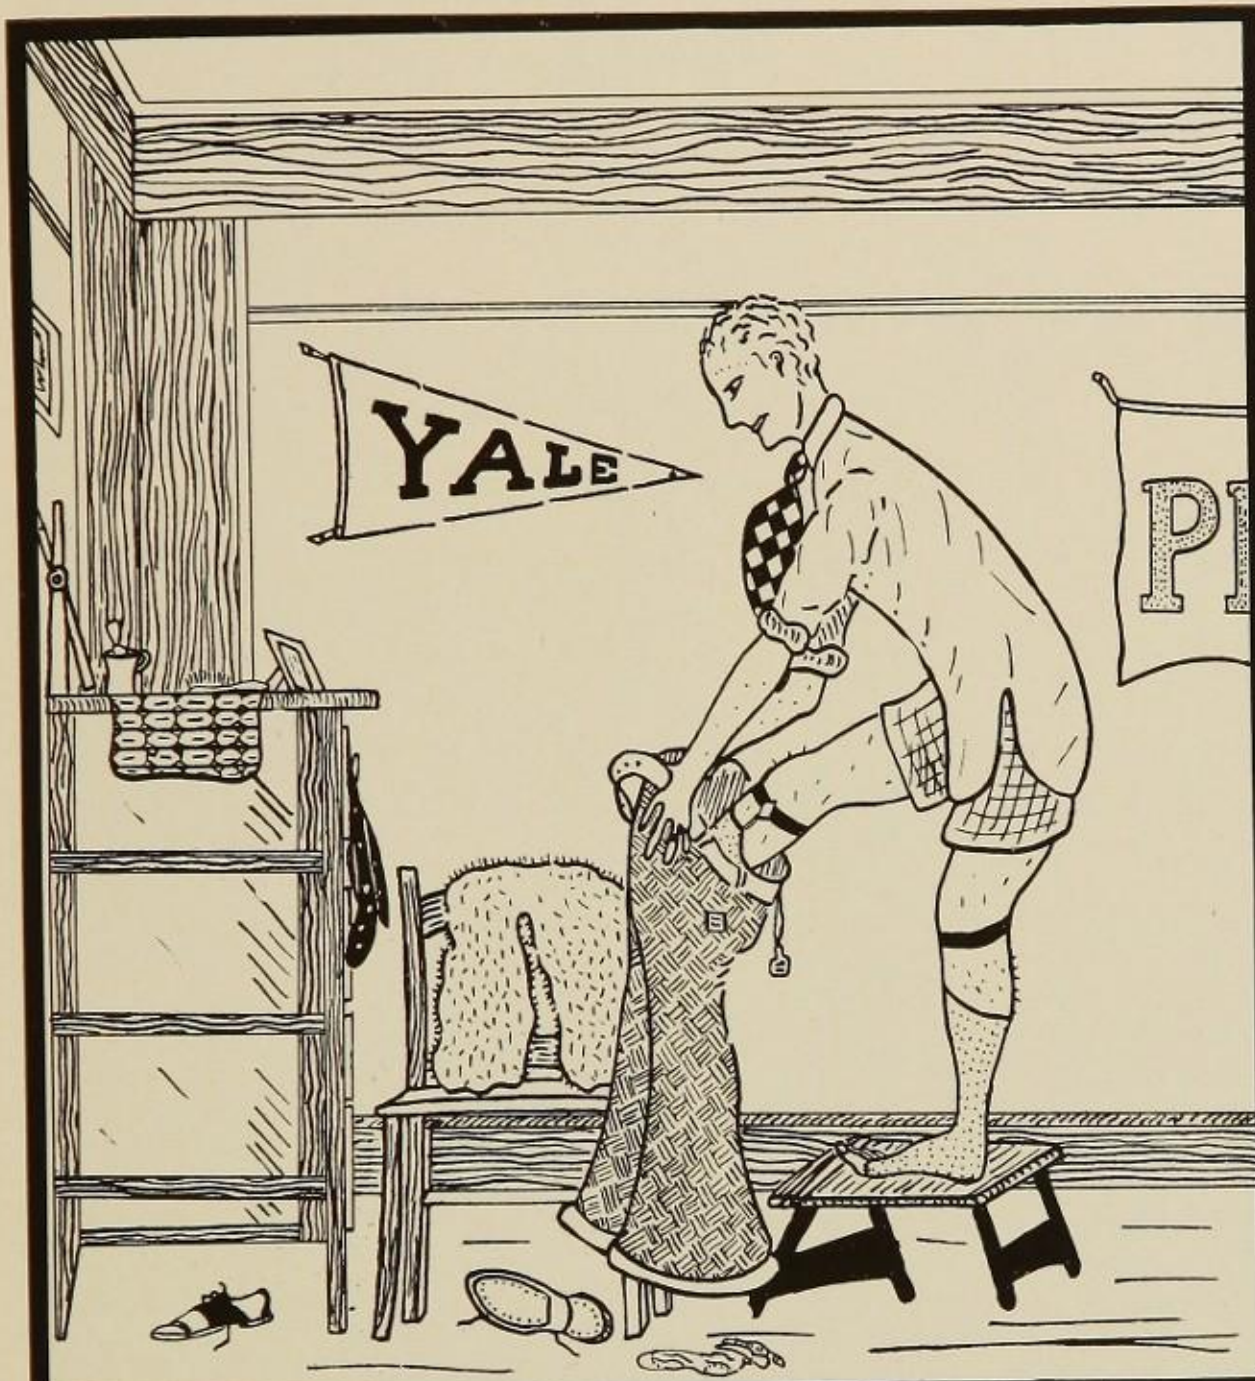

(By G. STEVENSON)

When Spring's last exam is given, and the profs
no longer profess,
And the students have valiantly striven through the
year of storm and of stress,
We shall rest, and faith, we shall need it, go home
for a month or two,
Till the masters of us poor students shall set us to
school anew.

And those that were bums shall be lazy; they shall
sit in a cushioned chair.
They shall evermore do nothing and banish away
dull care.
They shall have real food to eat of, beefsteak and
chicken and bread.
They shall loaf for an age at a sitting, with never a
thought in their head.

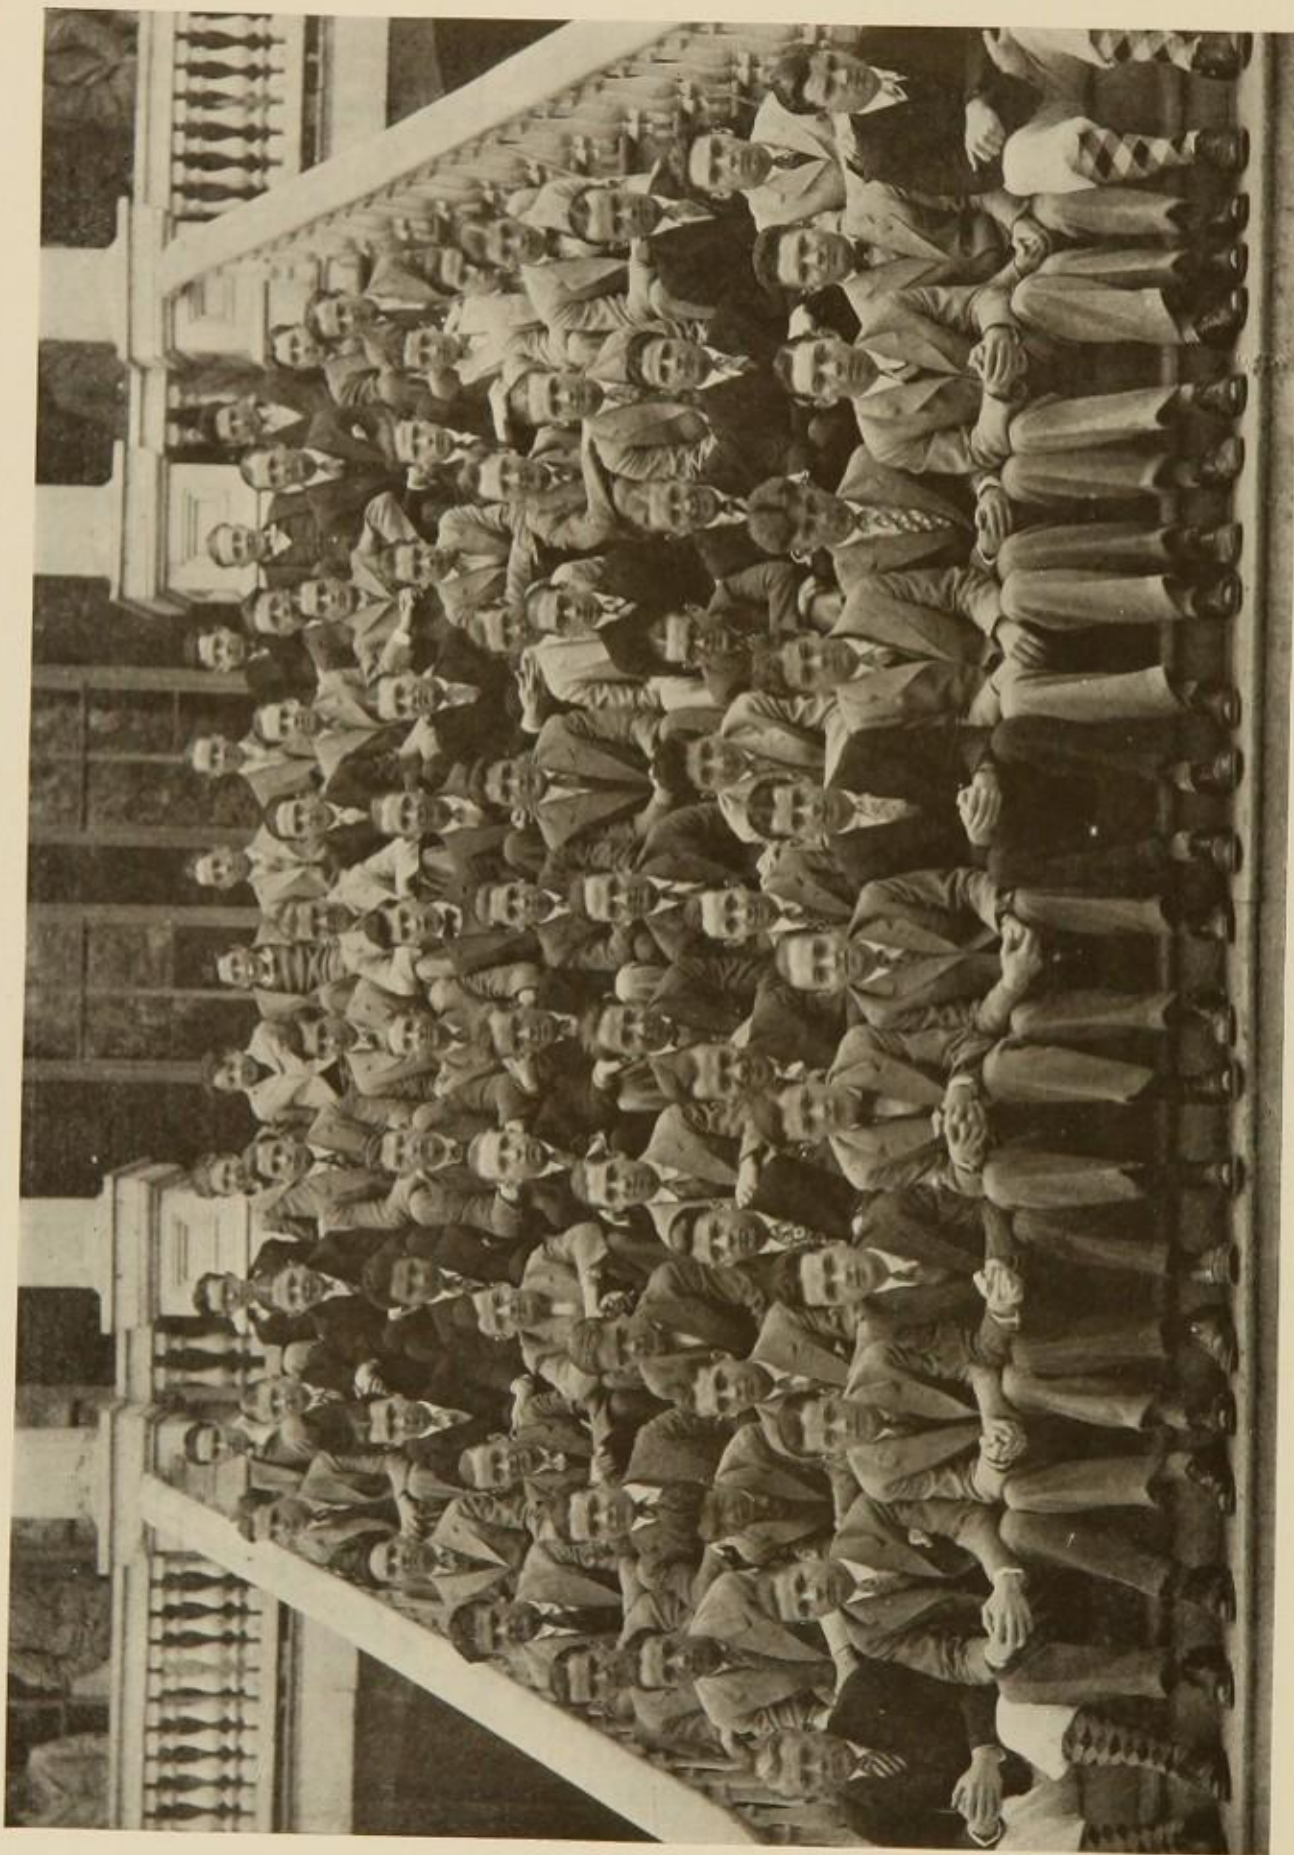

And only our parents shall wake us, and only our
friends shall call.
And no one shall work for money, for no one shall
work at all.
But each in the joyous summer, and each in his
separate place,
Shall do the thing that he wishes, through the long
vacation's space.

(With Apologies to Kipling, Very Humble Ones)

MEMORIAL HALL

Vision and Fulfillment

SOME twenty-eight years ago there was conceived by our headmaster, then just entering upon his long term of service among us, a vision of a greater Peddie. At the time of which we speak, the present magnitude of the school was a thing as yet undreamed-of. There were but three buildings on the campus and the campus itself was less than one-fifth of its present size. Since that time the history of Peddie has been one of determined struggle for expansion and progress, an effort crowned at last with almost unbelievable success.

One by one, new buildings and new lands have been acquired. We have built Avery, Trask, and Coleman houses. Our campus has grown in

HEADMASTER SWETLAND'S STUDY

area to more than five times its former size. Our athletic facilities have increased from two tennis courts in odd corners of the campus and a cramped football field along one side until we now have a fine gymnasium, two spacious athletic fields, and eight tennis courts. However, we have now come to a still greater development.

Chief among the needs of the greater Peddie was a new classroom building to replace the outworn walls of old Wilson. It is indeed a notable year that sees the accomplishment of so great a step in the dream. And such a fortunate year was the past one. For during nineteen twenty-five our new Memorial Hall was completed and opened for use.

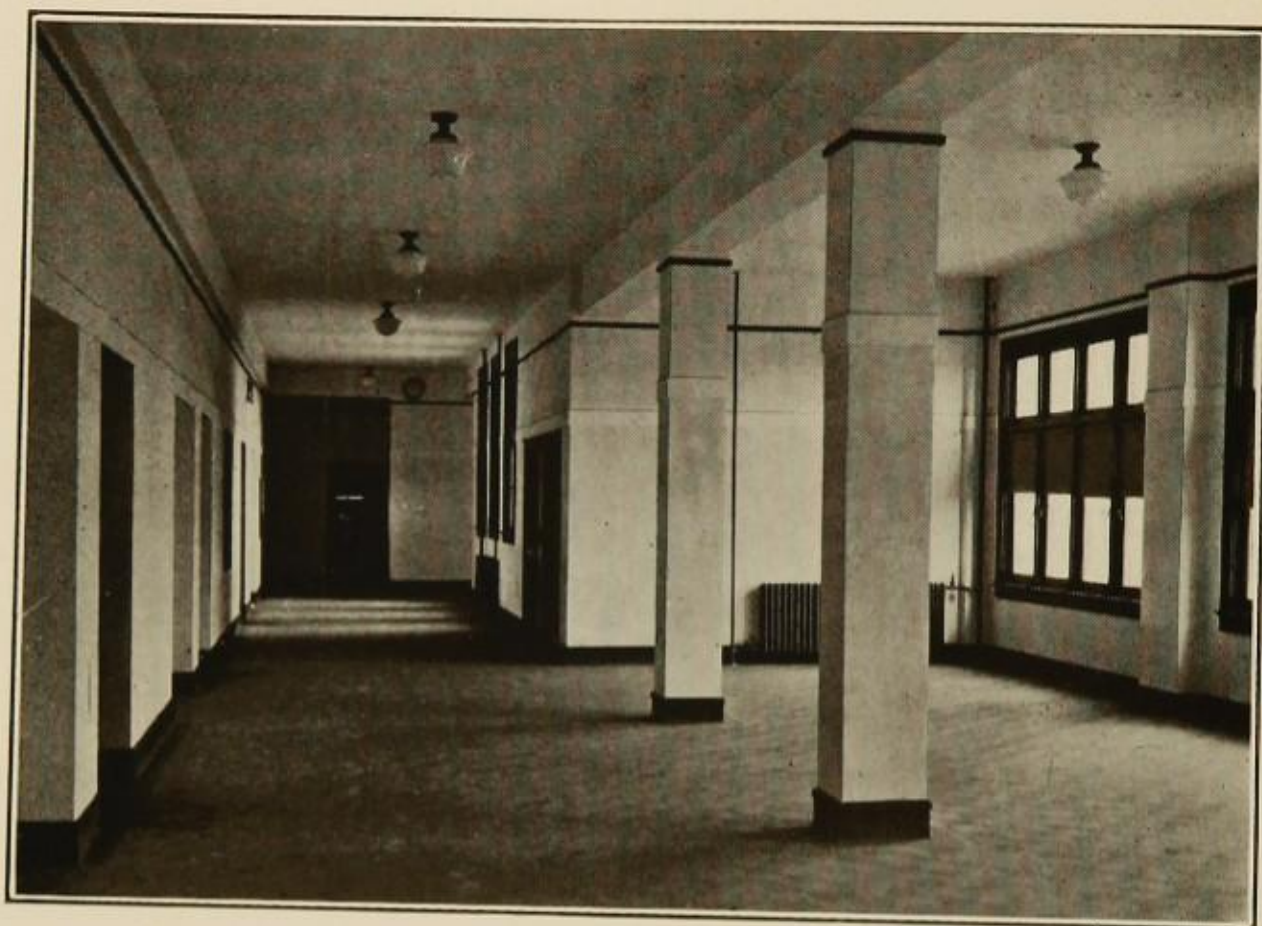

MURAL PAINTING

THIS edifice stands not only as a most useful and important part of our school equipment, but as a monument and symbol of two great dreams. It is the visible evidence of the power of one, and an impressive tribute to the heroic unselfishness of the other. One vision is a vast ambition; the other a beautiful sacrifice.

The building itself is an arresting proof of the untiring efforts and unswerving devotion of our headmaster and board of trustees toward the material welfare of the school. In its halls is also and more particularly commemorated the splendid, idealistic vision of those sons of Peddie who offered themselves to their country's service in the World War. In its main corridor there stands a bronze tablet on which are inscribed the names of these boys whom Peddie can never honor enough.

Strive as we may, our material recognition of their devotion to service is but a dim light shining in the path of glory emblazoned by the torch they carried to light the way in a world dark with hatred and selfishness.

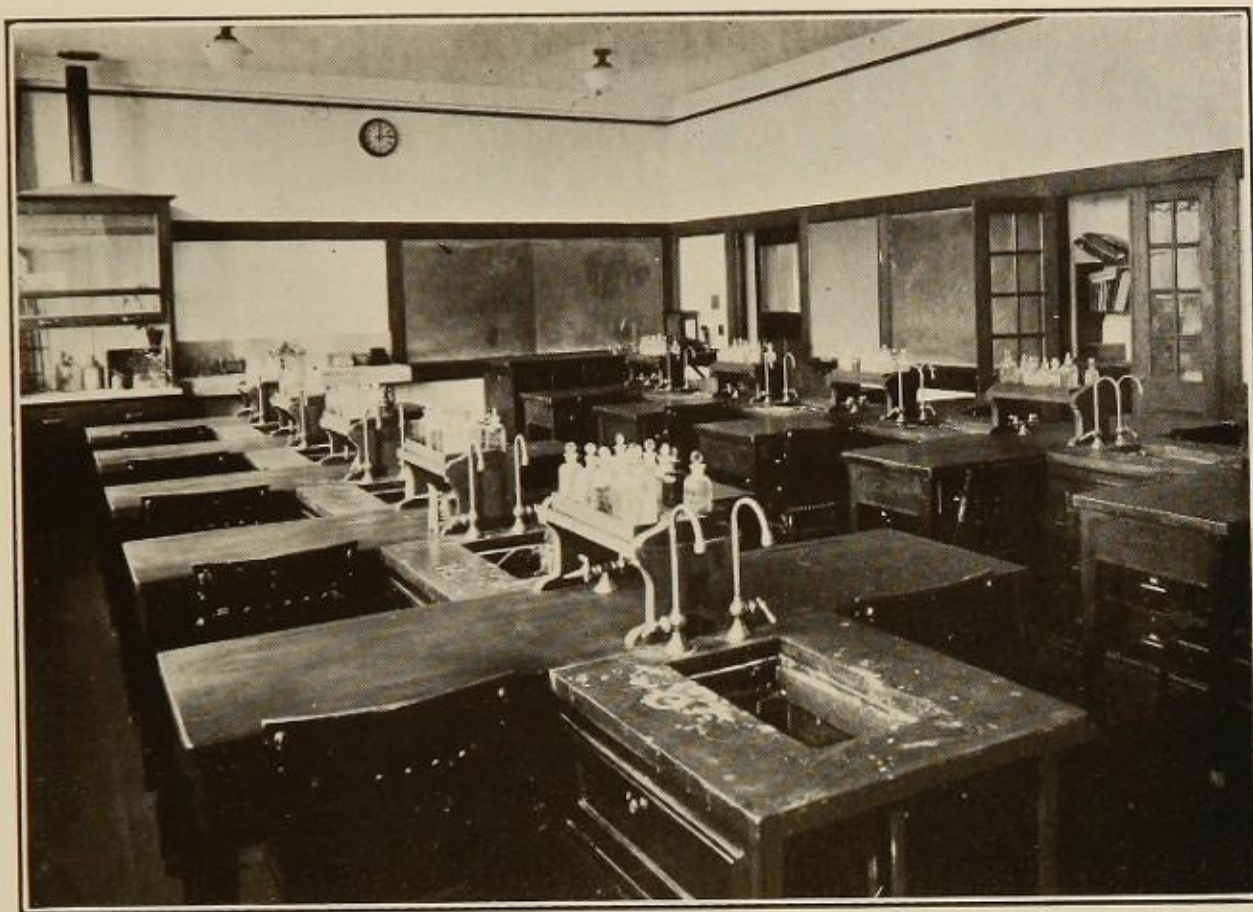

SECOND HALL CORRIDOR

NO monument in our power to erect can adequately express the greatness of their offering. These boys who volunteered to give the whole promise of their youth in defence of their country and of the world's freedom, these youths to whom this great building is dedicated, and whose names appear on its tablet of bronze, are a part of Peddie's tradition and a credit to her for all time to come. In the material good that this superb edifice will do to future generations of Peddie students, the memory of their courage and devotion will live and be perpetuated.

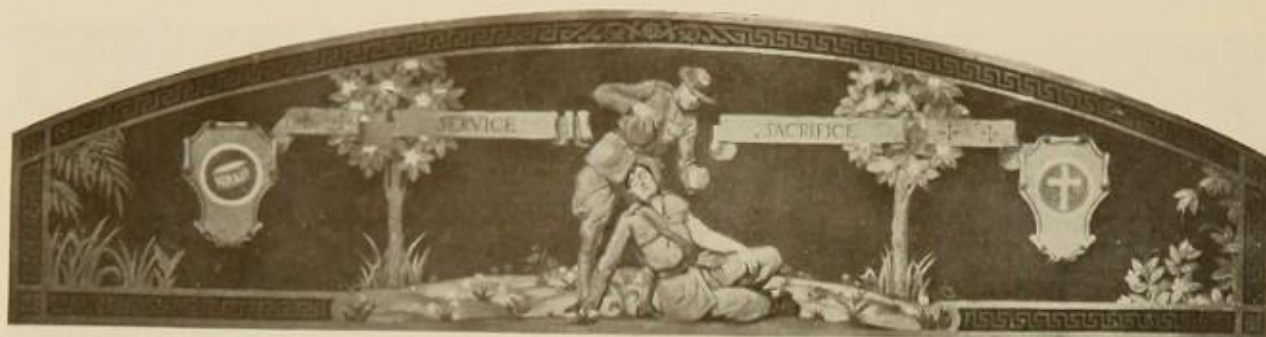

Aside from the significance of the structure as a memorial and a milestone of progress, it is in itself a building well worthy of the farseeing devotion whose fruit it represents.

CHEMISTRY LABORATORY

EMBODYING the most advanced principles of modern construction, it is unsurpassed by any building of its kind in the east. Among the many improvements over the old quarters in Wilson Hall is the fact that each professor has his own classroom, equipped with a telephone connection and lighted and ventilated by the most up-to-date systems. Also the chemical and physics laboratories are far superior to the former one, both in space and equipment. In addition, the school officials have offices on the first floor, in which their work can be carried on with the maximum efficiency.

Provisions in the plans of the architect call for a large auditorium to be constructed on the east side of the building. This auditorium will open from the foyer and will occupy the entire central section of the proposed extension.

MURAL PAINTING

THIS building is the largest single item in a program of far-reaching scope which has for its end the construction of a truly great Peddie. In fact, there is so much projected as to appear well-nigh impossible of fulfillment. Yet when viewed in the light of our recent progress, it is not more so than our present development seemed when Dr. Swetland came to Peddie. The magic that has wrought in Peddie such miraculous changes was but an earnest and tirelessly followed up vision that has been realized. There is more, far more, to this dream; but is it not probable that the future will be as kind to us as the past and that all will soon be completed?

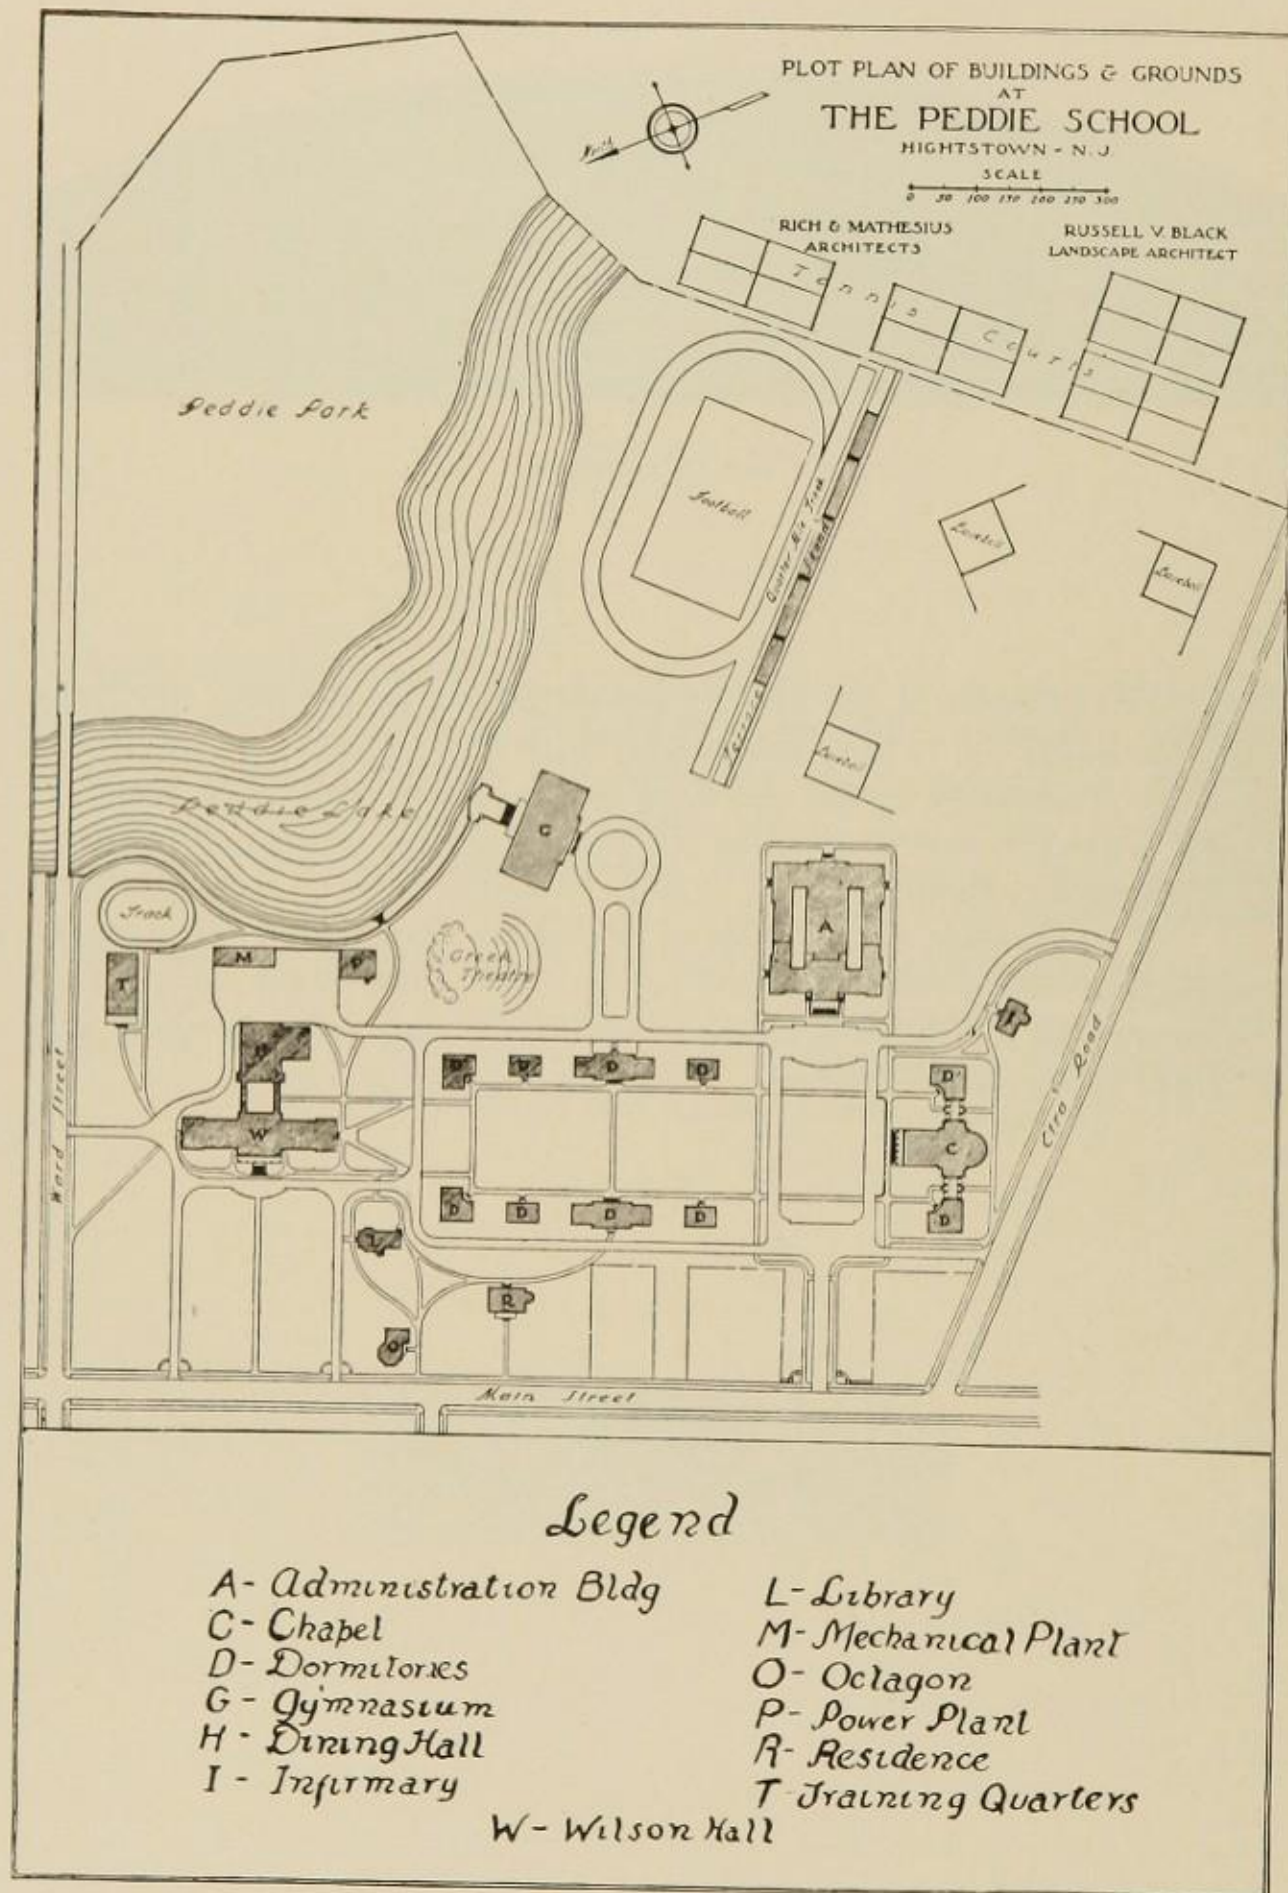

MURAL PAINTING

THE Peddie of the not far distant future, as planned, will be an institution whose equipment is second to none, a real model preparatory school in every way. There will be a series of modern dormitories like our present Avery, Trask, and Coleman houses comprising ten in all. In addition, there is to be a large auditorium on the rear of Memorial Hall and a fine concrete grandstand seating three thousand persons on the new lower athletic field. These are only a few items on the program, but they suffice to show what a future lies before the school. What will our next stride be?

ELECTED BY STUDENT BODY

Allan Yates Gurney, '26	Ernest Walker Fry, '26
Fred McKeown, '28	

The House Committee

THE strongest single influence in the sentiment and morale of Peddie emanates from a group of fifteen boys, which is known as the "House Committee."

These fifteen boys are all leaders in some form of school interest; and the method of selecting the fifteen assures that every form of school interest will be represented by them. Together, they form a nucleus of brains, brawn and popularity, whose appeal always finds ready response from the general student body.

Nine members of the House Committee hold their position by virtue of some school office which they hold. The President of the Athletic Association (in other words, of the School), the Presidents of the two upper classes, the Presidents of the Y. M. C. A., the Captains of the four major athletic teams (football, basketball, baseball and track), and the chairman of the "News" are the *ex-officio* members of the House Committee. In addition three boys are elected to membership in the Committee by popular vote of the School, the only restriction being that the boys must have been in school more than one year. The remaining three members to complete the fifteen are elected by vote of the Faculty. The Headmaster of Peddie is also a

member of the Committee, but he has no greater authority than any of the student members.

The House Committee is a committee that operates without roll-call, minutes, or instruments for enforcing its decisions. Whatever may be said at a House Committee meeting is always said in strict confidence and House Committee deliberations are never reported, either formally or informally, to either students or faculty. Its determinations are put into effect entirely by moral suasion through the personal influence of the members of the committee.

It would not be correct to call the Committee a mediator between student and Faculty, although it meets both on equal grounds. It is a method of expression and of creation of the best sentiments for both student and Faculty.

Membership in the House Committee is the greatest recognition of merit that can be conferred by the School. The members are installed into their membership during the Founders' Day exercises on February 12. The gold pin of the House Committee, with its all-seeing eye, is one of the most coveted of Peddie honors. Few indeed are the House Committee boys who do not make for themselves successful careers in after life.

Frank Saunders Elgin, Jr.

The Senior-Junior Committee, elected by and from the members of the two upper classes, has taken upon itself the handling of the morale of the school, and especially of the Freshmen, during the Fall Term. The committee sees to it that new boys are properly and promptly imbued with the best kind of Peddie spirit, and that they learn about and conform to Peddie traditions. The influence of the Senior-Junior Committee completely eliminates all forms of hazing from Peddie.

THE BUSHELL SERVICE PRIZE

The Bushell Prize of \$5.00 was given by Rev. and Mrs. W. Bushell of the American Baptist Mission, Moulmein, Tennaserim, India, in memory of their son, Durlin D. Bushell, '18, who gave his life as an aviator in the World War. This prize will be awarded each year to that student of the Upper School who shall during the year render the greatest service to the School.

THE WINTERS PRIZE ORATION CONTEST

The Winters Prize Oration Contest is an annual function which was instituted on November 14, 1889, by the Honorable Byran Lee Winters. Mr. Winters is a Peddie graduate, having been a member of the Class of 1883. When the Contest was first established, there were two prizes, the first of ten dollars and the second of five dollars. Later the number of awards was increased to three, consisting of a twenty-five, a fifteen and a ten-dollar prize. Finally, in 1924 a twenty-dollar prize was added, bringing the total of awards up to four per year. Since its foundation this Contest has sponsored declamation at Peddie, and, at the same time has provided one of the most interesting academic events of the school year.

PLEDGE DAY RULES

Appointments of "Rushing" interviews shall not be made until after breakfast on Pledge Day.

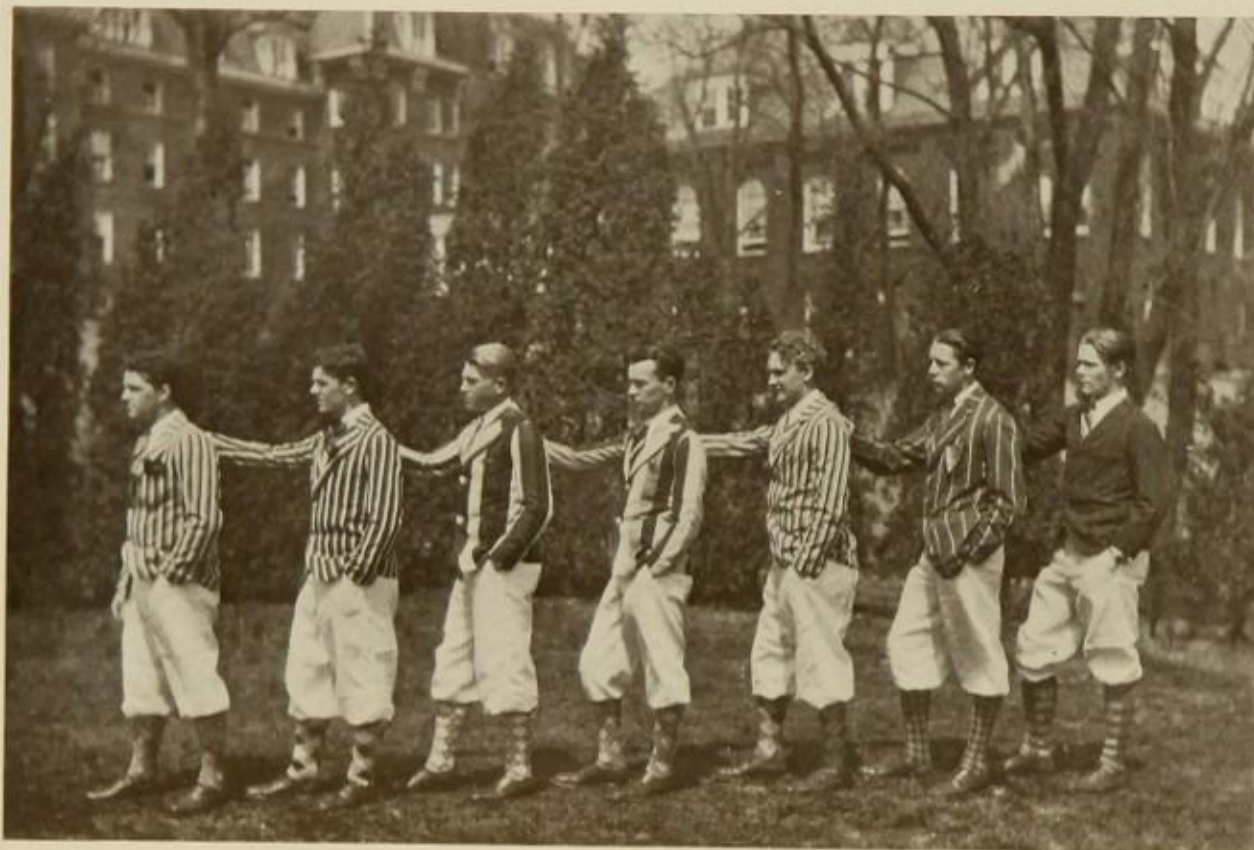

No "Rushing" of any nature whatsoever is permitted until after lunch on Pledge Day.

No Fraternity shall occupy more than one half-hour of any candidate's time on Pledge Day.

No candidate need decide upon a pledge before 5.45 P. M. In other words, the candidate is at liberty to hold himself open to invitations up to that time, and then accept the one that he prefers. There shall be no "Rushing" after 5.00 P. M.

Review of Football

(By Coach Earl C. MacArthur)

The 1925 football season has been a peculiar one in many ways. Although defeated by both Blair and Lawrenceville, the team can hardly be termed a disappointment. After seeing the Blair-Lawrenceville game in the early part of the season, it was the consensus of opinion among the coaches that both teams were much better at that time than our own and that it would be a difficult problem with only two letter men as a nucleus to build a machine capable of making a strong showing against these opponents. With a powerful but green line and a dearth of experienced backs and with the lack of morale which is so often apparent in a green team the task seemed difficult. The fact that we were able to develop an eleven which had only sixteen points scored against it speaks well for the earnest spirit of the squad and the inspiring leadership of Captain Matthias.

The early games handicapped the development of the team because they were played against opponents too weak to test our secondary defense. Our defensive backs were below the usual Peddie standard and Jelleme's injury, which deprived us of a fine plunger and a great defensive fullback, was the determining factor in the season's results. A game against a superior team in the early season would have brought the backfield weakness out clearly and something might have been done to correct it. But with a good line against weak teams our backs got very little defensive experience until the Montclair game.

Following Jelleme's injury, McKeown was groomed for the fullback position, but injuries again upset our plans. Rodgers, who finally

played in this position, deserves praise for the ability he showed in a place where he had had no experience. Our weakness in this one spot, however, was vital, for there were times in both the final games when a plunger with the punch necessary to gain a yard or two would have brought victory. In both games, too, our opponents scored because of the poor tackling of our secondary defense on the rare occasions when an opposing back was able to get across our line of scrimmage and break into the open. In both cases the margin of victory was slight, for the combined total by which the two teams outscored us was only five points.

Generalship was another factor which might have made a difference. It is easy for a spectator to criticise a quarterback's judgment after a play has been made. Place the same spectator in the quarterback's position, put him under the pressure of hard physical punishment, surround him with thousands of people who are trying to rupture a peaceful atmosphere with their shouts, and let him feel the responsibility of selecting the right play in such a situation. He will deserve credit if he can think of any signal at all. He should be crowned with laurel if he is able to guess the lucky number of the winning play.

Whatever faults this year's team has had have not been inexcusable. They have been a well balanced group of average players with no outstanding stars and few glaring weaknesses. They have played stubborn, rugged football and have made their opponents respect their power in every game. Every man has worked for the team and forgotten the gallery. They have been loyal to the school and faithful to training rules. They have played the game well enough to deserve victory even when fate has brought defeat.

"JOHN"

Review of Basketball

(By John D. Plant)

Our basketball team did not win the State Championship this year as has been the custom for the past six years, but notwithstanding this fact the coach feels just as proud of the '25-'26 team as of any he has ever coached.

Emmett Norris proved to be the best captain that a Peddie team has ever had, for he had those qualities which make for a fine leader. Unselfish devotion to the best interests of the team he was leading, always giving encouragement to his teammates, and leading in the idea of team work, besides able to set a good example in his play and habits are the things which made him an ideal leader of a fine team.

When at the close of football season our thoughts were turned to the basketball prospects we found that the material about which we had heard so much did not measure up to the standard in most cases. Especially was this true of the center candidates. Captain Norris was the only man in school with any real experience. While Case, Ragonetti, and McKeown had played some on last year's Varsity, they had not really seasoned enough for a hard campaign. Then from last year's third team we had Griffin, Sawyer, and Fry, and from last year's league teams we got Kammire, who proved to be our best bet for center. So with this combination, lacking in size and experience but with plenty of determination and co-operation, we undertook the task at hand.

Of our schedule of nineteen games we had one cancelled on us, lost

THE OLD GOLD AND BLUE

one to Trenton High, and won the rest, and at the close of our regular season entered the State tournament in which we played three games. We won two of these but lost the final game, going down before a good team, but losing only after the Peddie quintet had made a gallant fight, playing in a clean, sportsmanlike way.

A large number of teachers and students helped in a fine manner by their loyal support, and to all of these I want to express my sincere appreciation.

Enough in the way of praise and appreciation cannot be said about the Scrub team and their coach, Mr. Geiger, for the loyal and efficient manner in which they helped out through the long, long grind which started last November and has just ended.

To Manager Barclay, who has proved himself to be the best manager that the basketball team has ever had, belongs unstinted credit.

We have no reason to feel discouraged at the outcome of the games, for we have been trying to teach that it does not matter so much about the outcome of the game, but the manner in which it is played, and this year's team was no exception to the teaching.

Our motto has been:

"And when the One Great Scorer comes
To write against your name,
He will not write if you won or lost,
But how you played the game."

Baseball Prospects

(By Coach Leslie Hyatt)

The development and progress of the 1926 baseball team was retarded to some extent, by the raw, unseasonable weather and late spring, and by the loss of all but four letter men from the preceding year's team. Practices and games were held under weather conditions much more favorable to football than baseball.

The pitchers naturally felt the adverse weather conditions keenly. Captain Griffin started the season pitching good ball, but has not yet reached the form displayed in previous years. However, he is rapidly rounding into shape. His batting has been a feature of several games, and as captain his spirit and enthusiasm is an inspiration. Parslow, a member of last year's scrub team, has improved wonderfully and at present is pitching a fine brand of ball. His control is excellent and his fast breaking curve has proved a puzzle to opposing batters.

Emmett Norris, whose regular position is in the outfield, has been taking his turn in the box with marked success. Barrett, of last year's squad, and Smith and Huntington, both new men, have all seen service in various games and have done well. Up to date, the work of Applegate behind the bat has been very satisfactory. He has handled the pitchers

especially well, and his throwing arm has been a constant menace to opposing runners. Jim Rogers is proving a capable substitute behind the bat.

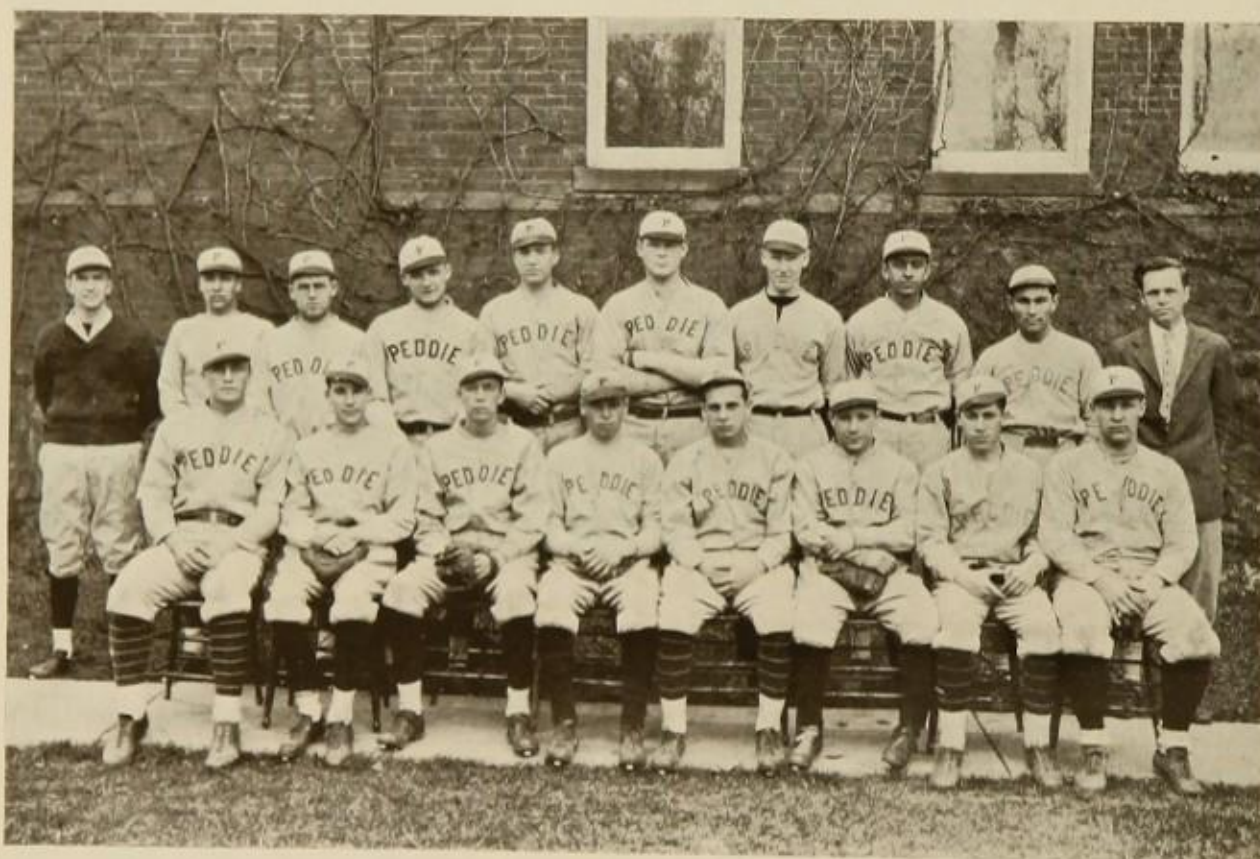

A new infield, with the exception of Ragonetti, a veteran of two years' standing, had to be molded into form. Chadwick, at first base, has fielded his position admirably and his hitting is steadily improving. Ragonetti, who has been shifted from short to second base, is hitting better than ever. Jones, at short, is playing an exceptionally fine game and has all the earmarks of a splendid baseball player.

Sippley is proving a capable and aggressive third baseman. Conscientious and steady, Hicks is substituting ably at second and third.

Norris and Byrd, with powerful throwing arms, form a pair of strong veteran outfielders. Cool and self-possessed, Norris has made an ideal number four man in the batting order, and is a hard and consistent hitter. LaCapra and Matthias, members of last year's scrub team, are having a merry battle competing for the third position in the outfield. LaCapra's speed on bases and the pep and enthusiasm of Matthias are very valuable to the team.

The team is just beginning to find itself and realize its power and possibilities as the season progresses. It is with optimism that we look forward to the remaining games on the schedule, confident that these games will show the ability and true worth of the team.

Track Prospects

(By Coach John D. Plant)

1926 has been the least productive and the hardest track season that Peddie has had in the last twenty years. At the opening of school rumor had it that Peddie was to have a real track team because of the track stars who had entered school. As track season drew near, however, the stars began to lose their lustre until all but three men were what you might term among the missing.

The nucleus of our team was found in Captain Ed Florea, who does the high jump and the high hurdles; Fred McKeown, who runs the low hurdles and throws the javelin; Lee Stone, who ran the quarter last year, but who has this year been made into a dash man; Arlen McCarty, who runs the 440; and Harry Pollock, who puts the shot.

Among the new men showing up best is Lindsay in the pole vault, but he was injured in the Swarthmore meet and is out for the balance of the season. Perry, who also was showing up well in the dashes and the discus, has a pulled tendon and it is doubtful if he will run again this year. K. Coombs in the half-mile and pole vault, and Hromadka in the same

events are showing promise. Ford and Baum in the mile are also doing fairly well. Ely in the high jump is showing good form, and in another year ought to be a valuable man in his event. Williams in the hammer throw is developing into a good thrower. Schuster is doing the best work in the discus throw.

As a whole the team is showing all that can be expected under the present circumstances. With the coming of the new athletic field and track, Peddie should after a time take its place in the forefront as regards track efforts.

Swimming Review

(By Manager Thomas)

The 1926 swimming season turned out successfully, considering the fact that only one letter man from last year's team returned to school. The team won three and lost two of the five dual meets.

In the first meet which was won from Princeton Prep, Weston and Chew, two new students, and Jelleme and Walsh of last year's team showed up very well. After this meet, Walsh was elected captain for the year.

The next meet, with Trenton Central "Y" was lost after a hard struggle. Neuviller, the mainstay in the distance swims, was the only outstanding star of this meet.

The Gold and Blue mermen easily captured the next two meets with Plainfield and Montclair.

The Peddie natators lost the next meet to Blair, in the Blair pool. The excellent swimming of Turner, did much towards Blair's winning the meet.

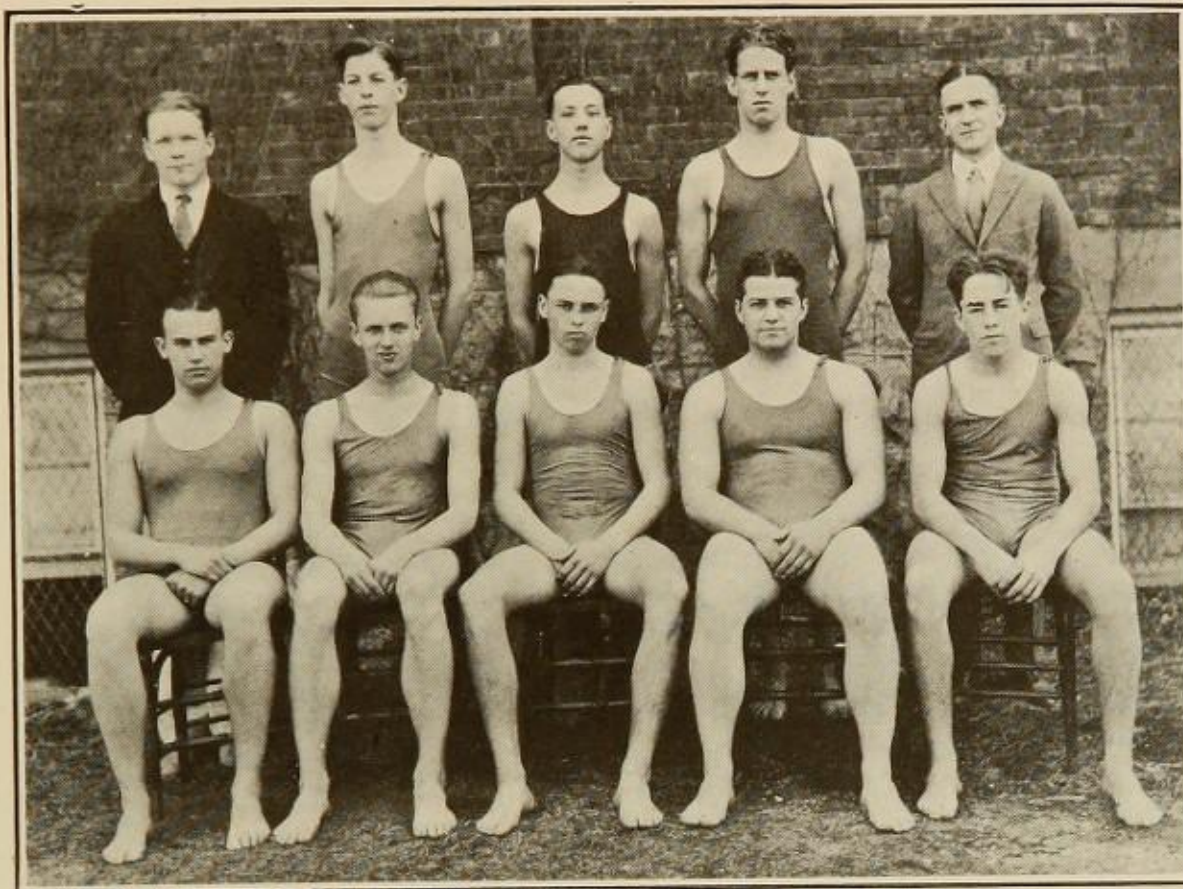

Good work was done in the Rutgers Interscholastics and in the State Meet at Trenton. With only five men entered in the latter meet, Peddie took fourth place. Neuviller captured Peddie's only first, by winning the 200-yard free style swim. Chew took a second in the 100-yard breast stroke, and Weston placed fourth in the 40-yard back stroke. The relay team also placed third.

The work of the divers, Nigh and Lucas, is to be commended considering the fact that no facilities are available for diving practice.

The team wishes to thank Coach Sprout for the able assistance he gave in working with the swimmers.

Chew was high scorer for the year with 42 points. Neuviller, the

captain-elect, followed with 34 points. Captain Walsh had 29, Weston 22, Jelleme 15, and Jennings 1.

Charles Neuviller of Paterson, N. J., has been elected captain for the coming year, while John Hammett of Washington, D. C., has been selected as manager.

Neuviller, by winning a first place in the State meet, was awarded a varsity letter.

Soccer Review

(By Manager Proddow)

Although this is the first season the Soccer Team has really played an extensive schedule, it has done itself credit. The team under the tutelage of Coach McKenna, played through a season of hard games.

With thirty out for the team, it was hard for Coach McKenna to pick the first string men. The team did not get off to a flying start, but managed to do very well against the teams it opposed. After the football season closed the team was strengthened by the addition of Byrd, Magai, James Rodgers, and Thompson. From then on a much better showing was made, one game being won and another tied.

The playing of Levis, a new man, made him the outstanding star of the season, while Contey, LaCapra, Noeltner, and Calvin Smith also did very well. As many members of this year's team will be back, it should make a much better showing next fall.

In spite of all the setbacks, the players deserve credit for their stick-to-it-ive-ness and the old Peddie spirit of never giving up until the whistle blows.

BRANTLEY McCULLOUGH, '27.....Manager

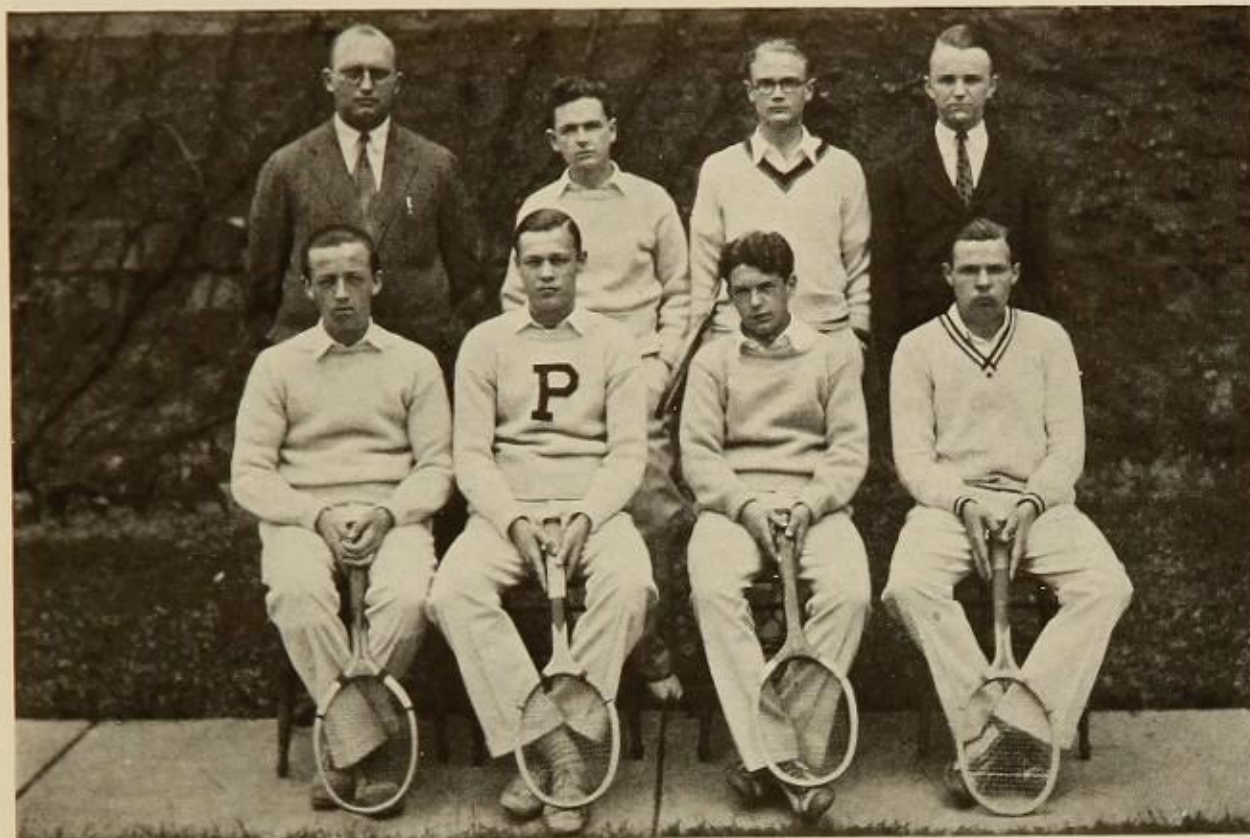

Tennis Forecast

(By Manager McCullough)

When this year's State championship in tennis is awarded, the Peddie team will again be strong contenders. With a nucleus of Captain Weeks and Farrand about which to build a team, Coach Swetland has high hopes for an even better than usual season. However, the team misses the services of Norris, who has gone out for baseball. Of the newcomers, Brisco, S. Mathews, Clarence Smith, and J. Hawkins are the most promising.

Again our threat is in the fact that the players are on somewhat of a par and every one of them is the kind of a player who will put on a spurt and come through when most needed. While the team plays a long, hard schedule, only injuries will prevent the team having a most successful season.

MEREDITH INN

In the foothills of the Catskills

Meredith Inn is famed for its genuine homelike atmosphere, its modern, comfortable appointments, and its pure and hunger-satisfying foods. It is a delight to young and old—to devotees of play and sport as well as to those who seek quiet and repose.

Glorious sunrises and sunsets. Breeze-swept hills. Wood-scented paths. Lakes and waterfalls nearby. Boating, fishing, tennis, and a stable of friendly saddle horses for those who love the sport. Golf, too, at Oneonta, easily reached by motor car.

Meredith Inn maintains a motor livery and accommodations can be had for your own car. If you motor to Meredith, the New York volume of the Automobile Blue Book gives detailed directions. Meredith automobiles meet trains at Bloomville, Delhi or Oneonta, when notified in advance.

Open June 1st. Write today for descriptive booklet, information about railroads and rate.

MOTION
PICTURE
OUTFIT

For the Individual

Motion Pictures--*At the touch of the button*

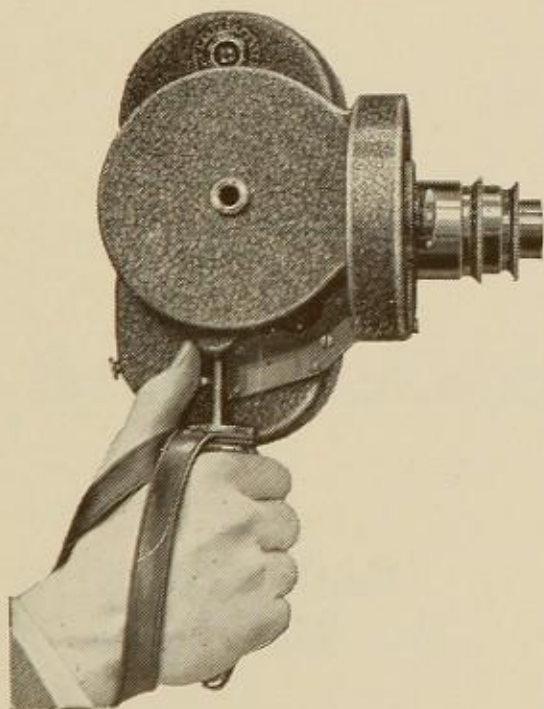

Motion Pictures of professional quality are now as easy to take as snapshots with FILMO Automatic Camera. A press of the button makes a movie of whatever is seen in the finder.

These pictures shown with FILMO Projector enable living over and over again the dear-to-the-heart scenes and events of today.

FILMO uses the inexpensive 16 m/m Reversal Film. Both

Camera and Projector are of unique design, compact, light of weight, and entirely automatic. Camera requires no tripod, no cranking, no focusing for distance. Always ready to use. FILMO is conceded to be the simplest as well as the World's Highest Quality Motion Picture Equipment designed for individual use.

Complete and interesting booklet, "What You See You Get," sent upon request. Write.

HIGHTSTOWN
SECTION

America First

Not merely in matters material, but in things of the spirit.

Not merely in science, inventions, motors, and skyscrapers, but also in ideals, principles, character.

Not merely in the calm assertion of rights, but in the glad assumption of duties.

Not flaunting her strength as a giant, but bending in helpfulness over a sick and wounded world like a Good Samaritan.

Not in splendid isolation, but in courageous cooperation.

Not in pride, arrogance, and disdain of other races and peoples, but in sympathy, love, and understanding.

Not in treading again the old, worn, bloody pathway which ends inevitably in chaos and disaster, but in blazing a new trail, along which, please God, other nations will follow, into the new Jerusalem where wars shall be no more.

Some day some nation must take that path—unless we are to lapse once again into utter barbarism—and that honor I covet for my beloved America.

And so, in that spirit and with these hopes, I say with all my heart and soul, "America First."

Outfitters to His Majesty

The Peddie Student

For twenty-one years we have been the outfitters, hatters, and shoers to the well dressed PEDDIE men.

We have outfitted Peddie men that came from every state in the Union and most every country.

Something to be proud of

Remember this—the only thing that shows when you wear a cap and gown at graduation is your shoes. That's the biggest reason why your shoes ought to be right.

How about the shoes? All set with a snappy looking pair to make you step right up and get the old sheepskin?

We can fix you up in a hurry.

*Special Attention Given to
Orders for Weddings,
Parties and Harvest
Homes.*

Such is American homogeneity that a man who comes to this country from Russia, and spends his winters in Florida and his summers in Paris, is generally referred to upon his death as "a prominent New Yorker."—*Life*.

A GOOD BAD MEMORY

Maid (at door): "Madam forgot to leave the money for your bill."

Creditor: "How do you know she forgot?"

Maid: "She told me so when she went out."—*Sans-Gêne (Paris)*.

Dumb Dora: "What makes a col-litch fellow give his pin to a girl when he gets engaged to her?"

Dumb Engineer: "The girl."—*Bucknell Belle Hop*.

"What type lad is your fiancé?"

"Oh, when he puts his arms around my neck and presses, strange thrills run up and down my spine."

"Oh, I see, a chiropractor."—*Centre Colonel*.

SPEECHLESS

"What did your wife say when you came in at four this morning?"

"Didn't have a word to say."

"'Smatter, tongue tied?"

"No, I put cement in her beauty clay."—*Gas and Electric News.*

HIGHTSTOWN, N. J.

FAIRY TALE

Once upon a time an automobilist held out her hand to signal for a left turn, and when she reached the intersection she made a left turn.—*Life.*

Auntie: "Well, that was nice, wasn't it? You like having a ride on uncle's knee, don't you, dear?"

Small Nephew: "Not bad; but I had a ride on a real donkey yesterday."—*Atlantic Seal.*
